20. [   ] Called Bob Hull, State Department, in
response to his earlier call regarding the Agency's position to the latest
proposal by OMB to strike the 1% "kicker" in the cost-of-living adjustment
formula for annuitants. I told him our preliminary position was to favor
the proposal of the Civil Service Commission with a recommended limitation.
He said State had changed their position since he had last talked to me and
they now favor the Henderson bill.

24. (Unclassified - GLC) Received a call from Melanie Dunshie, in the office of Representative Bill Frenzel, who said George Winnett, State Department Congressional Relations, had given her my name and suggested she call. She said a constituent had seen the 10 March issue of Newsweek and would like to get a copy of the "ten-page State Department report" mentioned in the article on the Khmer Rouge. Winnett had told her it was not a State Department report. She asked if it was ours. I told her I would check into it and see what we could do. I said if it is our report, the chances are it is classified. I told her if that was the case, I would see what if anything we could find that was unclassified that they could send to their constituent.

9. ☐ PLC) Bob Hull, State Department, called and asked for the Agency's position on a proposal by OMB now being circulated for comments on striking the 1% "kicker" from the cost-of-living adjustment formula of annuities. He said State recognized that annuitants had been over compensated and the 1% added on should be struck but was suggesting a flexible formula. I said I would check and let him know.
